

## ABOUT THREE STRANDS

The mission of Three Strands is to provide compassionate, competent, and Christ-centered medical care, focused on the physical and spiritual needs of the poor in the developing world.

Three Strands operates a full time medical clinic in Cap Haitien, Haiti, along with a secure and gated guesthouse that accommodates our short-term medical teams. Other work teams that serve in Cap Haitien and surrounding areas may also reserve our modest, but comfortable and clean guesthouse. Your stay at the Three Strands facility helps to make the medical work of Three Strands more self-sustaining.

Thank you for considering a stay with us. For more information about the work of Three Strands, visit [www.three-strands.org](http://www.three-strands.org).

## CONTACTS

## OUR VALUES AND HOUSE RULES

We welcome you to the Three Strands guesthouse and we hope that your time in Haiti is profitable. We have a few house rules that we believe will enhance your stay.

As a Christian non-profit organization, we ask that you show respect both to the local culture and to our values. We are a health ministry, and we ask that you set a good example by refraining from smoking and alcohol use while on the compound. Please respect the privacy of the separate dorm areas and bathrooms for each sex.

Three Strands employs security personnel and the guesthouse is located inside a walled compound that is gated at night. However, just like a hotel, it is in your best interest to secure your valuables on your person. Be sure to keep your passport with you at all times. Lock windows and doors at night and when you leave.

Our Haitien workers are paid employees as well as family members. Thanks in advance for displaying the utmost respect for our staff.
